Conditions and terms

Updates and support: Updates and support are free for one year from the date of receipt of the software package. MEGIS offers customer support by e-mail only. Precise description of the problem and example data are required.

Prices: All prices are exclusive of applicable local taxes and import duties.

Delivery: Delivery includes program and documentation on CD, electronic help manual and hardlock for software protection.

Shipment: Within 1-2 weeks after receipt of order by airmail or express carrier.

Payment: 10 days net after receipt of software.

Hardlocks: The hardlocks are coded with a time limit. They can be unlimited electronically by an executable file sent to the licensee by the licensor after receipt of payment.

Restrictions: The software licenses are granted for research use only. It is not allowed to use the BESA and BrainVoyager software packages directly or indirectly for medical diagnosis and/or treatment of humans. MEGIS is not liable for the use of the software beyond the intended research purpose.

License agreement: The license agreement which will be sent upon request forms an integral part of the purchase agreement between the licensee and the licensor.
